## ABOUT WAICY

WAICY, the World Artificial Intelligence Competition for Youth, is the largest and most prestigious AI competition for kids worldwide. Since its inception in 2017, WAICY has grown to include participants from over 115 countries, making it a truly global celebration of innovation, creativity, and collaboration.

As the world's premier AI competition for youth, WAICY empowers students to tackle real-world challenges using the transformative power of artificial intelligence. Through diverse tracks such as AI Showcase, AI-Generated Art, AI Large Language Model, and AI-Generated Video, participants unleash their creativity, showcase groundbreaking ideas, and inspire global change.

WAICY is more than just a competition—it's a global movement. It brings together young innovators, educators, and organizations to cultivate the next generation of AI leaders. Students gain invaluable experience, mentorship, and the opportunity to make a lasting impact on the world, proving that age is no barrier to brilliance.

Join us in shaping the future of AI education and innovation. Be part of WAICY, where young minds from over 115 countries come together to redefine the possibilities of AI. We create a future driven by hope, creativity, and limitless potential.
